Subsidised public transport services	26.2% 	11
Improved broadband and mobile phone connections	23.8% 	10
EV charging facilities	11.9% 	5

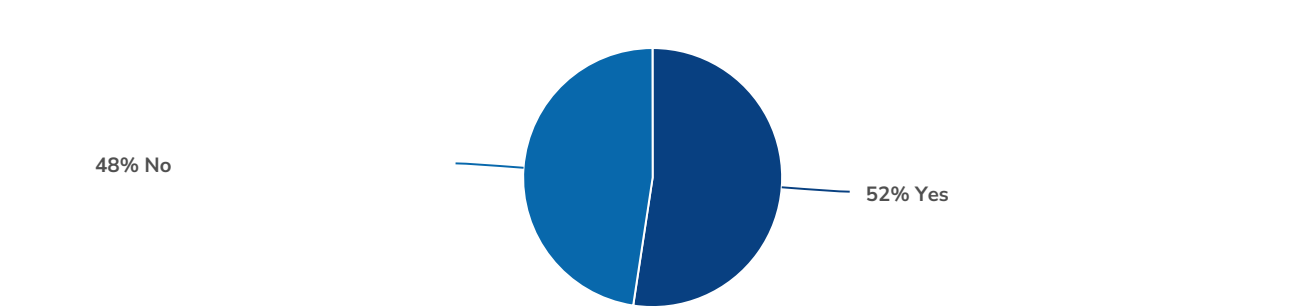

3. Should the Community Benefit Funding be targeted to support projects locally or further afield?

4. Shared Ownership.Shared ownership provides community groups or individuals the chance to make an investment in a commercially owned renewable energy project. It is defined in the Scottish Government's Good Practice Principles as “any structure which involves a community group as a financial partner over the lifetime of a renewable energy project”.Further information is available from Local Energy Scotland.Would you be interested in shared ownership?

5. Do you wish to be kept up-to-date or involved in the development of any future Community Benefit Fund?

Value	Percent	Responses
Yes	52.4%	22
No	47.6%	20
